It's really good. Cubs absolutely do not want to play them in the playoffs

I agree

They always do well in the playoffs

True that. Great coach

So Alaina, do you still have an interest in me taking you out?
If not, I completely understand.

I think we should maintain a professional relationship

Will do. Can I ask why?

Can you please give a response

I respect your decision.

R u up?

I have always seen you in a supervisor role. I don't see you in that way.

What's does that mean ?

U really do not know me.

I will not brag or flaunt. But I am the best dude you will meet.

No bullshit

R u hitting the hay?

We are going to have you walk in marwig this week. What's the earliest you can get there Wednesday?

Why do you not like me again?

I'm not sure what you're talking about

U will not even permit me to buy you a beer.

When you first asked, you phrased it in a way that pertained to work, I thought it was professional. I work closely with Marty often for political things, so I'm sure you can see why I would only want to have a professional relationship with you or anyone at the ward office

Why just a professional relationship?

No I cant. Sorry

U have total misinformation about the ward office

Why just a professional relationship?

No I cant. Sorry

U have total misinformation about the ward office

I'm not sure what that means

The ward office and it's existing is based on results only.

Not who u hang out with, who u r friends with, who u fate.

Date

I understand that but I won't mix my professional life with my personal life.

Understood. If I were not involved with the ward would u grab a drink with me.

Ok. Should I withdraw my request?

What are you talking about?

To take you out for a drink. It's not going to happen. Right?

Correct

And would be different if I was not affiliated with the 13 ward

Said differently, if I didn't know you and you didn't know me and I bumped into you at a Starbucks and began to talk and I asked you out. You would say no?

Sorry to once again bother you

Sun, Dec 18, 22:47

Sorry to once again bother you. I just wanted to know if you can answer my previous question. Thanks.

Mon, Dec 19, 16:24
